

# HYDRATECH MULTI PUMP

## 1. Hydratech Multi

The Hydratech Multi range of pumps feature a foam-free, high surface area pump housing. The carefully designed, easy access new housing prevents blockages from debris and greatly reduces pump maintenance. With its stable base plate and a unique light attachment, the Hydratech Multi range is a high quality, versatile range of pumps.

All models come complete with a range of fountain options and a telescopic adjustable T-piece to give maximum control of display options.

### Hydratech Multi - Technical Specification

DESCRIPTION	FLOW LPH	HEAD (M)	WATTS	CODE
Hydratech Multi 800	790 lph	1.25m	13w	1010634
Hydratech Multi 1500	1550 lph	2.3m	36w	1010641
Hydratech Multi 2500	2750 lph	3.0m	40w	1010658
Hydratech Multi 3250	3350 lph	2.75m	46w	1017848
Hydratech Multi 4000	3800 lph	3.0m	46w	1010665

## 2. Photech Multi-Light

A high quality, 20 watt submersible spotlight with low voltage transformer and cable.

Photech can be easily installed in the pond and is supplied with 3 colour lenses for customising the lighting effect to suit consumer choice.

As an additional feature, Photech can be fixed directly onto the casing of Hydratech Multi pumps for spectacular impact when using fountain jets after dark.
