**Sales Opportunity**  
 V8 is ideal for customers with concrete around the pond, not just in it. Ensure your customers buy V8 for sealing concrete around slabs, waterfalls and any other areas near the pond.

**5. Liner Underlay**

Underlay is essential to achieve the maximum life span from any liner. Underlay is actually cheaper than sand and is made from polyester which will not rot and attack the liner.

**9. V8 Pondseal**

V8 is a high quality sealant and waterproofing material for applying to concrete in and around the pond. V8 effectively seals in highly toxic lime contained in concrete. V8 is a polyurethane sealant which beats other solvent based sealants with:

- Much quicker drying times
- Easier application
- Superior coverage (compare the cost of coverage per metre not per litre).
